## the Karl range

The Karl range is part of our new tile technology collection and replicates the natural look of travertine. Hard-wearing and low in maintenance, this range is available in two colourways – beige and bone – and in a 300 x 300mm and a 450 x 450mm internal floor tile as well as a 300 x 450mm wall tile. Perfect for wet areas, Karl allows the look of travertine to flow from wet areas through to main living areas.
