

HIGHLIGHTING the Sticks range

MADE IN CHINA

When designing a house or an office – spaces that might require permanence in time – it's important to choose elements that will last through time. Sticks wants to make beauty everlasting. The simplicity of the shape tells a story of serenity that lasts through time, undisturbed as the years go by. The concept of simple beauty is highlighted in the brighter colors, which present an inward gradient that captures the eyes, with a subtle granulated effect that will always be elegant. The neutral white and black are perfect for more understated looks that still need a beautiful touch. A collection of balanced beauty.
